How to use this PDF

Upload the whole PDF to Google AI Studio. Begin with the copy-ready prompt on the next pages. The original source pages and screenshots are included as evidence and reference. If you want to paste text instead, copy the section marked COPY-READY PROMPT through END OF PROMPT.

Completeness note: Some requested details were not included in the sources. They are marked for confirmation. Keep those items unpublished or as clearly labeled setup placeholders; do not make up school facts.

Google AI Studio instructions

Copy this prompt into Google AI Studio or upload the full PDF and ask the coding assistant to follow it.

START OF COPY-READY PROMPT

You are helping build or improve the official Al-Jamia International School website in the current Google AI Studio project. Read this whole PDF first. Use the structured brief as the implementation requirements and the appended audit, screenshots and photos as source material. Inspect the current project before changing it, preserve working functionality and use the existing framework and conventions.

Goal: Present a trustworthy, modern English-medium school for Nursery to Class 8, combining strong academic learning with Islamic values. Make it easy for parents in Gwalior to understand the school, ask questions, request admission information and arrange a school visit.

Accuracy rules

- Use only facts supplied in this PDF or later confirmed by the school. Do not invent fees, timings, facilities, safety measures, class sizes, accreditation, transport routes, results, teacher qualifications, testimonials, addresses or contact details.
- For missing facts, leave an editable field or omit the claim until confirmed. Do not show awkward blank underscores on the live site.
- Use the real school logo and supplied school photographs. Do not generate fake images of this campus, staff or students, and do not reuse one photo repeatedly to fill the gallery.
- Keep student privacy and photo permission in mind. Use children’s identifiable photos only after the school confirms parent/guardian consent.
- Treat the source audit as a set of website recommendations; implement the applicable items in the current project and report any setup that needs school accounts or credentials.

Brand and visual direction

Use the school name consistently as Al-Jamia International School, subject to the school confirming its preferred official spelling. Keep a clean, readable, mobile-friendly design and consistent school colors that work with the supplied navy, gold and green logo. Choose a clear font where lowercase l and uppercase I are easy to distinguish. Avoid typewriter or decorative body fonts.

Primary slogan: Modern Education with Islamic Values.

COPY-READY PROMPT

Page structure and core sections

Build the sections below as a cohesive, responsive site with clear navigation and accessible controls.

Navigation: Home, About, Academics, Islamic Education, Admissions, Gallery, News, Summer Camp and Contact. Use a mobile menu. Keep one clear primary action. Remove the competing top Apply button described in the audit; keep a slim mobile Call / WhatsApp / Apply bar and hide or compact it while the admission form is in view so it never covers fields or buttons.

Hero section: Replace the vague "... Meets the Future" headline with this supplied draft:

Headline

Modern Education with Islamic Values.

Supporting line: "An English-medium school for Nursery to Class 8, where children grow in knowledge, character and Imaan." Use two buttons: "Apply for Admission" and "Book a School Visit." Add four short trust points only when each claim is verified. Use an authentic campus or classroom photo.

About section - supplied draft copy

About Al-Jamia

At Al-Jamia International School, a child's success should never come at the cost of their values. We bring concept-based English-medium learning together with daily Islamic guidance, so your child grows sharp in mind and strong in character.

Academics: Create clear cards for Nursery-UKG, Classes 1-5 and Classes 6-8. Show complete text, one font throughout, and a single "Apply for Nursery - Class 8" action. Do not leave clipped phrases such as "Structured Englis..." or "Smart Class inter...". The audit mentions the Class 1 age as 5.5+ years; confirm the age policy before showing it.

Why Al-Jamia: Use six simple cards, remove the repeated "Core Offering" label, and keep statements measurable only when true. Supplied draft cards: Smart Classes - lessons children can see and discuss; Qur'an & Duas - daily recitation, gentle Tajweed; English Medium - confident reading and speaking; Character First - honesty, respect, discipline; Active Play - outdoor games every week; Caring Teachers - every child known by name. Confirm claims with the school before publishing.

Facilities and gallery: Keep one Facilities section and avoid repeating the same facility across multiple sections. Use 12-16 distinct real photos when the school supplies them, retain category filters, and use short factual captions such as "Class 3 - Smart board lesson." The supplied photo references are shown later in this PDF; do not duplicate them to reach the gallery count.

COPY-READY PROMPT

Learning, admissions and parent questions

Islamic Education: Use an authentic Quran class photo and add a compact table with class/age group, topic and periods per week. Topics named in the source are Nazira/Qur'an recitation, Tajweed, Duas, Seerah and Akhlaq. The weekly schedule and class mapping were not supplied; leave them for school confirmation.

Admission enquiry form: Fields: parent name, child name, phone/WhatsApp, class (default to "Select class", not Class 1), and preferred call time. Use 98XXXXXXXX as the phone example. On submission show: "Thank you! Your enquiry has reached the Al Jamia admissions desk. We will contact you shortly on the number you shared." Record each enquiry in the school's Google Sheet using the approved Google Form/Apps Script or existing backend. Do not claim a submission was recorded if the integration is not configured. Keep credentials out of client code.

FAQ: Replace the generic playground/smart-class questions with the ten parent questions below. Keep answers factual; replace missing values only after the school confirms them.

Leadership, News, Mission & Vision, Summer Camp

Leadership and trust: Add an Owner and Managing Director profile using the supplied names. The photo-reference PDF contains three unlabeled portrait references; do not assign roles to those portraits until the school confirms who is who. Add a Principal's Message and a Principal profile, but the principal's name, bio and photo still need confirmation. Add teacher cards (photo, name, qualification), three parent reviews with permission, board/accreditation, and either a confirmed Fee Structure or a "Call for fees" action.

Mission and Vision: Add a dedicated section. No official wording was supplied, so leave text unpublished until the school provides approved mission and vision statements.

News: Add an easy-to-update News / Notices section. No news items were supplied. Use an empty state or editable CMS fields; do not invent announcements.

Summer Camp: Add a slim banner across pages: "Summer Camp starts 1 April" with an Apply action. On the home page create a "Coming Soon" section titled "Summer Camp 2027 - 1 April." Use the draft line: "Seven exciting activities in one joyful holiday. Learn new skills, make friends and stay active, with the care of Al Jamia values." Confirm date/year before launch.

Activity	Draft description
Martial Arts	Self-defence, discipline, fitness
Spoken English	Public speaking, storytelling

Record it in Google Sheets and show a clear confirmation. Camp duration, daily hours, fees, seats, age range and martial-arts instructor/organization are not confirmed yet.

Contact and footer: Include the confirmed full address, Gwalior, PIN, phone, email, office hours, Google Map with Get Directions, Instagram and Privacy Policy. COPY-READY PROMPT

Accessibility, technology and launch checks

Languages: Add EN | ■■■■■ language control. At minimum make the Hero, Admission section/form and FAQs available in Hindi as well as English. Use school-reviewed translations; Hindi website copy was not supplied in the source package.

Technical and discoverability: Set the page title and description with the school name and Gwalior; add a favicon and social share preview image; optimize and add descriptive alt text to photos; use HTTPS; configure Google Analytics only with the school's approved account; add the Google Business Profile and website links. Aim for pages to open within three seconds on typical mobile connections.

Pre-launch checks: Test on desktop/laptop and at least two phones. Open every button and link. Submit each form and verify its Sheet entry and thank-you message. Verify Call/WhatsApp numbers, Maps directions, language switching, image layout, social preview, page speed and title in search results. Add the website link to the Instagram bio.

Deliverable: Implement the website in the current project, keep the interface responsive and accessible, and summarize changed sections, any integrations that still need school credentials, and each factual item the school must confirm. Do not silently claim that a Google Sheet, analytics, WhatsApp or Maps integration is live unless it works.

END OF COPY-READY PROMPT

The rest of this PDF provides a quick fact sheet, enhanced viewing copies of the supplied image references, the original message screenshots and the complete original PDFs. Use those sources for context. Keep all unverified facts marked for confirmation.

WEBSITE AUDIT · 7 NOVEMBER 2026

Website: पहले क्या था, अब क्या बदलना है।

मोबाइल पर वेबसाइट की पूरी स्क्रीन-रिकॉर्डिंग (64 सेकंड) देखकर हर सेक्शन की जाँच। हर कमी के साथ उसका सुधार, तैयार टेक्स्ट और डेवलपर की अंतिम चेकलिस्ट, ताकि आगे कुछ बाक़ी न रहे।

3	8	5	16
CRITICAL	HIGH	MEDIUM	कुल सुधार

जो पहले से अच्छा है (मत बदलें)

- ✓ साफ़, सुंदर मोबाइल लेआउट और एक जैसे रंग
- ✓ नीचे Call / WhatsApp का स्थिर बार
- ✓ सीधा, छोटा admission फ़ॉर्म (लॉगिन नहीं)
- ✓ स्लोगन का संदेश साफ़: आधुनिक + इस्लामी शिक्षा
- ✓ FAQ का सेक्शन मौजूद है

लॉन्च/विज्ञापन से पहले ये 5 ज़रूर

1. असली फ़ोटो लगाएँ (कमी 6, 7)
2. पता + Google Map + ईमेल जोड़ें (12)
3. कटा हुआ टेक्स्ट ठीक करें (4)
4. FAQ में फ़ीस/समय/सुरक्षा (11, 13)
5. Enquiry का रिकॉर्ड Google Sheet में (10)

ध्यान दें: मैंने सिर्फ़ मोबाइल रिकॉर्डिंग देखी। डेस्कटॉप व्यू, स्पीड, लिंक चल रहे हैं या नहीं, और बाक़ी पेज जाँचे नहीं जा सके। इनकी जाँच कमी 16 और पेज 8 की चेकलिस्ट में है। शहर, फ़ीस और समय जैसी जानकारी मुझे नहीं पता, इसलिए वहाँ पीले खाने छोड़े हैं।

भाग 1 · ऊपर का हिस्सा

Header, Hero और Academic कार्ड

पहली 30 सेकंड में माता-पिता यहीं तय करते हैं कि आगे पढ़ना है या नहीं।

01 Logo और नाम

HIGH

× पहले (अभी वेबसाइट पर)

नाम "AI JAMIA" जैसा पढ़ा जाता है (I और । एक जैसे दिखते हैं)। लोगो सिर्फ़ एक generic सितारा है।

✓ अब (क्या करना है)

नाम **Al-Jamia** (हाइफ़न के साथ) लिखें, या ऐसा फ़ॉन्ट लें जिसमें । साफ़ दिखे। स्कूल का असली लोगो लगाएँ। नहीं है तो Canva में सितारा + किताब + हिलाल का लोगो बनाएँ।

02 ऊपर APPLY + नीचे बार

MEDIUM

× पहले (अभी वेबसाइट पर)

ऊपर APPLY बटन और नीचे Call / WhatsApp / Apply Now का मोटा बार। दोनों एक ही काम करते हैं और नीचे का बार स्क्रीन का काफ़ी हिस्सा ढकता है।

✓ अब (क्या करना है)

ऊपर सिर्फ़ मेन्यू रखें। नीचे का बार पतला करें और फ़ॉर्म वाले हिस्से में उसे छिपा दें, ताकि बटन फ़ॉर्म को न ढके।

03 Hero (पहली स्क्रीन)

HIGH

× पहले (अभी वेबसाइट पर)

हेडलाइन "... Meets the Future" और दो बटन। एक नज़र में साफ़ नहीं कि स्कूल क्या है और किसके लिए। फ़ोटो कंप्यूटर से बनी इमारत की है।

✓ अब (क्या करना है)

H1: **Modern Education with Islamic Values.** उसके नीचे एक लाइन (Nursery–Class 8, English Medium)। बटन: **Apply for Admission** और **Book a School Visit**। नीचे 4 भरोसे के पॉइंट और असली फ़ोटो।

04 Class 1 का कार्ड

HIGH

× पहले (अभी वेबसाइट पर)

टेक्स्ट कटा है: "Structured Englis...", "Qur'an reading fu...", "Environmental st...", "Smart Class inter..."। "5.5 to 6.5 Years" अलग (typewriter) फ़ॉन्ट में। Apply बटन सिर्फ़ Class 1 का।

✓ अब (क्या करना है)

पूरा टेक्स्ट दिखे (हर पॉइंट अलग लाइन में)। सारे फ़ॉन्ट एक जैसे। हर stage (Nursery–UKG, 1–5, 6–8) का ऐसा कार्ड और एक बटन: **Apply for Nursery – Class 8**।

भाग 2 · बीच का हिस्सा

फ़ोटो, Gallery और Facilities

सबसे ज़्यादा भरोसा यहीं बनता या टूटता है।

05 "Why choose" के 6 कार्ड

MEDIUM

× पहले (अभी वेबसाइट पर)

हर कार्ड पर वही टैग "CORE OFFERING" और 1–2 आम लाइनें: Smart Classes, Islamic Learning, Playground, Character, English Medium, Balanced Education।

✓ अब (क्या करना है)

टैग हटाएँ। हर कार्ड में एक असली, गिनने लायक बात, जैसे "रोज़ 20 मिनट क़ुरआन" या "हर क्लास में स्मार्ट बोर्ड" (जो सच हो वही लिखें)।

06 फ़ोटो (सबसे बड़ी कमी)

CRITICAL

× पहले (अभी वेबसाइट पर)

क्लासरूम, कैंपस, प्लेग्राउंड, लाइब्रेरी की फ़ोटो AI/stock जैसी लगती हैं। क्लासरूम फ़ोटो में बोर्ड का लिखा "OUR SOLAR..." कटा हुआ है।

✓ अब (क्या करना है)

स्कूल की **असली फ़ोटो**, हर सेक्शन में अलग। साइज़ 1200px चौड़ी, WebP/JPG, 200KB से कम। बच्चों की फ़ोटो लगाने से पहले माता-पिता की अनुमति लें।

07 Gallery

CRITICAL

× पहले (अभी वेबसाइट पर)

6 फ़िल्टर (All, Classrooms, Smart Classes, Playground...) हैं, पर वही 4 फ़ोटो बार-बार घूमती हैं। कैप्शन भारी: "Campus Courtyard & Architecture"।

✓ अब (क्या करना है)

कम से कम **12–16 असली फ़ोटो**, फ़िल्टर वही रखें। कैप्शन सीधे और सच्चे: "Class 3 – Smart board lesson"।

08 Facilities और दोहराव

MEDIUM

× पहले (अभी वेबसाइट पर)

हर कार्ड के नीचे वही लाइन "Al Jamia International School / English Medium Campus", जिसमें कोई जानकारी नहीं। Smart Class और Playground का ज़िक्र 3 अलग सेक्शन में दोहराया गया।

✓ अब (क्या करना है)

Facilities का **एक ही सेक्शन**। हर कार्ड में एक तथ्य (मैदान कितना बड़ा, हर क्लास में कितने बच्चे, CCTV है या नहीं)। बाक़ी दोहराव हटा दें।

भाग 3 · नीचे का हिस्सा

Islamic सेक्शन, Form, FAQ और Footer

यहाँ से enquiry आती है, इसलिए यहाँ कमी नहीं होनी चाहिए।

09 Islamic Education सेक्शन

MEDIUM

× पहले (अभी वेबसाइट पर)

लिखावट सुंदर है, पर फ़ोटो पश्चिमी शैली की पुरानी लाइब्रेरी की है। रोज़ क्या पढ़ाया जाता है, इसका ब्योरा नहीं।

✓ अब (क्या करना है)

क़ुरआन क्लास की असली फ़ोटो। एक छोटी तालिका: किस क्लास में क्या (नाज़िरा, तजवीद, दुआएँ, सीरत, अख़लाक़) और हफ़्ते में कितने पीरियड।

10 Admission फ़ॉर्म

HIGH

× पहले (अभी वेबसाइट पर)

Class में पहले से "Class 1" चुना है। फ़ोन के उदाहरण में स्कूल का अपना नंबर है। भेजने पर सिर्फ़ WhatsApp खुलता है, कोई धन्यवाद-मैसेज या रिकॉर्ड नहीं।

✓ अब (क्या करना है)

Class में "Select class"। उदाहरण "98XXXXXXXX"। "कॉल का पसंदीदा समय" का खाना जोड़ें। भेजते ही धन्यवाद-मैसेज। हर enquiry अपने-आप **Google Sheet** में सेव हो (Google Form / Apps Script)।

11 FAQ

HIGH

× पहले (अभी वेबसाइट पर)

सवाल जैसे: "Does the school have smart classes?" और "Is there a playground?" ये माता-पिता के असली सवाल नहीं हैं।

12 Footer और संपर्क

CRITICAL

× पहले (अभी वेबसाइट पर)

सिर्फ़ फ़ोन/WhatsApp (एक ही नंबर दो बार) और Instagram। पता, नक्शा, ईमेल और ऑफ़िस का समय नहीं है।

✓ अब (क्या करना है)

पूरा पता, **Google Map** + "Get Directions" बटन, ईमेल, ऑफ़िस टाइमिंग, Privacy Policy का लिंक। साथ में Google Business Profile बनवाएँ ताकि "school near me" में दिखे।

5 दिन की योजना

दिन 1
स्कूल से फ़ोटो, लोगो, पता, फ़ीस, समय जुटाएँ।

दिन 2
टीचर्स, प्रिंसिपल संदेश, रिव्यू और कैंप की जानकारी तय करें।

दिन 3
डेवलपर: Header, Hero, कार्ड, फ़ोटो, Gallery, Footer।

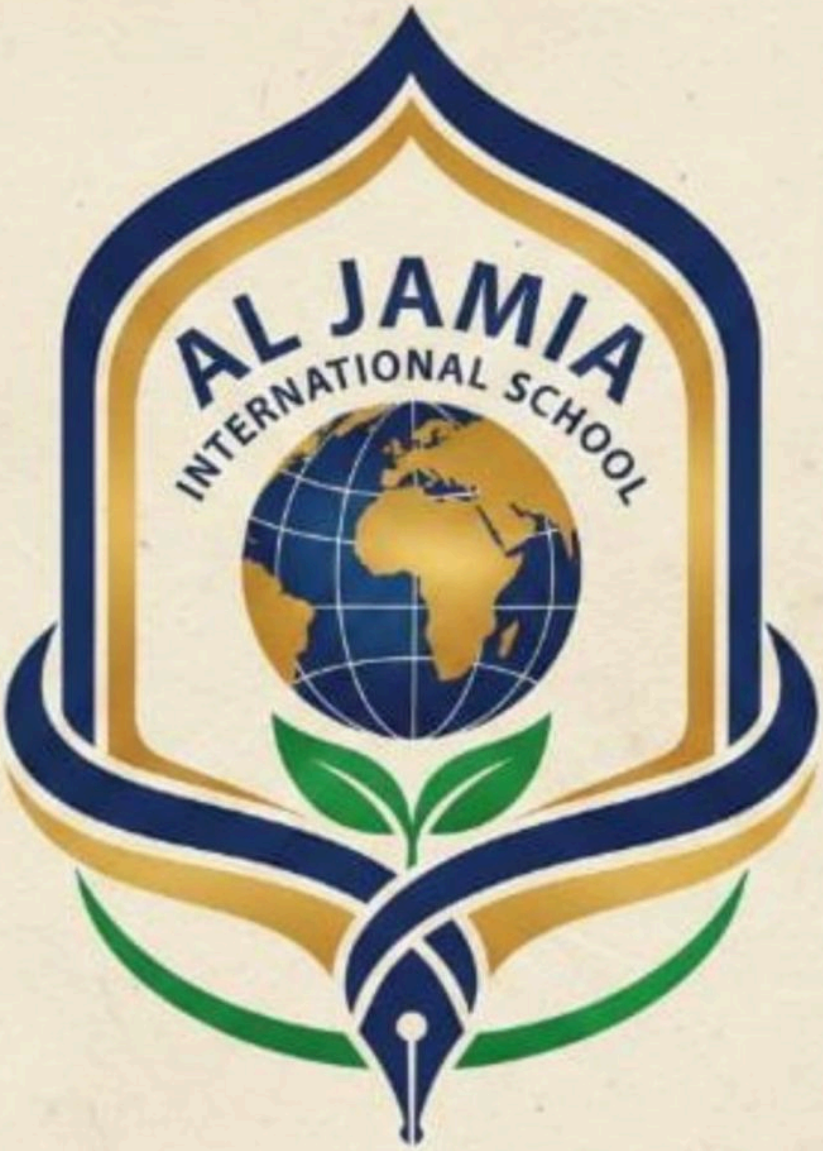

दिन 4
फ़ॉर्म + Sheet, FAQ, हिंदी, Summer Camp सेक्शन।

दिन 5
टेस्ट, SEO, Google Business, लॉन्च।

आख़िरी बात

वेबसाइट पर जो भी दावा हो (स्मार्ट क्लास, मैदान, CCTV, क़ुरआन के पीरियड) वह स्कूल में सच में होना चाहिए। माता-पिता जब स्कूल आकर वही देखेंगे जो वेबसाइट पर था, तभी भरोसा बनेगा और admission बढ़ेंगे।
